... At Your Word...

The Power of the Blood of Jesus Christ

We are aware of the great Blood-martyrdom of Jesus in Calvary, nailed to the cross. The greatest love of Jesus Christ is manifested to the humanity by shedding of his blood on the Cross. Eucharist is a constant reminder of this sacrificial love. His offering of his body and blood and our receiving by the same is the ratification of the “new” covenant. Each one of us is called to enjoy a special relationship with Jesus by eating the Body and drinking the Blood of Jesus. “...you were ransomed from the futile ways inherited from your forefathers, not with perishable things such as silver or gold, but with the precious blood of Christ, like that of a lamb without blemish or spot”. (1 Peter 1:18-19). When we compare to the Precious Blood of Jesus Christ, the most valuable things of this earth (like silver and gold) are reduced to meaningless & perishable things.

Through the blood of Christ, we receive the cleansing of our consciences. **Hebrews 9:14** says, “...how much more will the blood of Christ, who through the eternal Spirit offered himself without blemish to God, purify our conscience from all defilements to serve the living God”. Of course this is an amazing promise for every believer especially for us Adorers, in our daily life Jesus Christ is cleansing our consciences from acts that lead to death!. Because of Christ’s sacrifice and the pouring out of His Blood on our behalf, we can trust in the righteousness of Christ and not our own righteousness when we are accused by others. The proclamation of the following words on the night before He suffered, “this is my Body, which is given for you. Do this in memory of Me...This cup is God’s new covenant sealed with My Blood which is poured for you”(Lk:22:19-20) .Seeing Christ setting Himself before the disciples as a sacrifice of reconciliation, salvation and as the food of eternal life in the most precious and wonderful banquet made them adore the wondrous presence with a faith beyond description.

Let us whisper a prayer from the depth of our heart, Lord I have come to renew my total dedication to Your Most Precious Blood. O Agonizing Christ Jesus on the Cross, through the power of your precious Blood, have mercy on us and cleanse the iniquities of our hearts, renew and rectify our souls. May the Most precious Blood that pours out from the Sacred head of Our Lord Jesus Christ, the Temple of Divine Wisdom, tabernacle of Divine Knowledge and sunshine of Heaven and Earth, cover us now and forever. Amen. (From devotion to the Most precious Blood of our Lord Jesus Christ).

The Human Face of Economics

“Missionaries are heroes and heroines who listen to his call of the Master and leave home for an adventure. They take courage to go out beyond their present comfort zones although they are well-settled at home economically, socially and religiously. They are not very sure on the road map, but they have the guts to leave the shore, of course, relying on his grace”. (Quoted from magazine MAGOET).

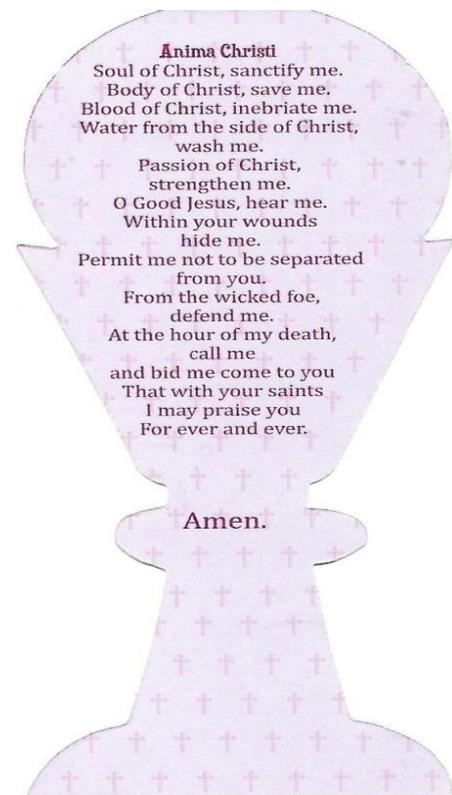

The Lord had said to Abraham: Leave your country, your family, and your father’s house, for a new land that I will show you (**Gen12.1**), a well settled Abraham moved to an unknown land without a road map. The same was the story of Moses. When Jesus calls the first disciples, he wants them to leave their family and their belonging including their nets and follow him as poor like Jesus the Master. In the world of demigods of power, performance, prestige, success, income, property, possessions and popularity it is not easy to say Amen to a breakthrough invitation of the Lord, in view the realities of each Region.

It was a great opportunity for the treasures of different Regions to come together and share the realities of each Region, human resource, hopes challenges and expectations. The seminar for ASC Regions and foundations with the theme: “**The human face of Economics**”, was really helpful for the understanding of evangelical relationships and

grows in a deeper understanding of evangelical stewardship of goods. We were motivated to become aware of the multiple face of stewardship such as ministry of stewardship and obstacles of stewardship. We are only stewards entrusted with the responsibility of taking care of the works and their assets. Hence the need of proper and responsible way of carrying out once responsibilities that need a responsible way of handling and executing the charge in the manner that is fitting to a faithful servant.

Each Adorer are called to become a treasurer, an administrator of God’s various forms of grace expressed in personal and Charisms to be optimized for the benefit of everyone. Thank you for the opportunity to take part in this seminar, which was an enriching experience for me, and especially each session of the seminar was based on from the Guidelines from Vatican document “**Economy at the service of the Charism and Mission**”.

The Precious Blood devotion is a daily call to holiness. Above all the devotion is a way of life. The Lord describes it as “dry and desert way” full of crosses. It is a reminder that only through the cross can a soul can reach the land of happiness, which is Heaven.

Wonderful Experience of Joy

A jubilee is a celebration of God's faithfulness in our life, It is a celebration of the effective journey in our life, It is a time to express our gratefulness to God and others, It is a celebration of our faithfulness to God, It is a celebration of difficulties and struggles that we have lived in our life and it is a celebration of everything that we have made it joyful in our life journey.

"My soul proclaims the greatness of the Lord, and my spirit rejoices in God my Saviour" (Lk; 1:46-47). Yes, joining with our Blessed Mother, Sr. Mini Vadakkumchery and myself thank the Lord for His marvellous love and blessings upon us. Our hearts are filled with joy in thanking God for the gift of Vocation given to us. This special call to Religious life has made us very intimate to Jesus. It is a naked truth and our experience is that, God is ever faithful to His promises in our lives. He was so caring, loving, kind and generous to us.

It was a wonderful time that God has set in our life to look back to our 25 years of religious life in the church and in the ASC family. We had a flash back of 25 years in which we became aware of our life, the blessings of the Lord, the contribution of the society to our life, the contribution of our family, the contribution of the ASC family and our contribution to others. During these 25 years, we were well protected in the hands of God. He took care of us as the apple of His eyes. He accompanied us in all our struggles, joys, confusion, doubts, sorrows, and loneliness.

We recognize various persons God has made use of as the instruments to form us and shape us as we are today. We are really grateful to all of them, especially our parents, family members, relatives, neighbours, superiors, persons who guided us to recognize our vocation, Formators, ASC family

members, teachers and friends. When we look back to our life today, we feel happy of our consecrated life, we feel satisfaction of what we have received and what we are today. We feel so much belongingness to our congregation because ASC family has accepted us with all our nothingness and cared us. This celebration made us very happy and we feel so grateful to God and everyone around us. We ask God's continued blessings and your constant prayers for us. We desire to be a blessing for others with whom we live and whatever we do.

Thank you one and all for your love, support and remembrance of us on our Jubilee day.

WHO IS A RELIGIOUS WOMAN

The Woman who is image of God,

The woman whom is of God,

The woman who is made of God,

The woman who is with God.

As being the instrument of God,

As the disciple of God,

As the clay in the hands of God,

Who mold and shape in the image of God.

To be a mother in its qualities,

Of love, compassion and uniqueness,

She is a bridge between God and people,

To plead the needs and necessities.

VOICE FROM SCHOOLS

MYSURU

VISION WITH MISSION

well you do not need to put in much more effort to finish it". The programme began with a prayer dance by seeking God's presence and guidance through which we

Celebration and collaboration are the key stones for the mental preparation for the successful event. Likewise God the creator, created the wonderful being St.Maria De Mattias to inspire the children of her institution for this heavenly atmosphere. Through the intercession of our foundress we exhibited the Ignite fest 2019 in Mysuru St.Maria De Mattias School.

Being the first year of beginning of the school, the celebration began with the blessings of God including 12 teaching and non-teaching staff and 96 cute, brightening future buds of the school.

There is an idiom "well begun is half done, it means" once you have begun a project

welcomed the guests and people of God. Our students cherished and flourished the minds and hearts of the huge gathering. Ignite the fire of life with music and dance calmed the sorrows, anxiety, tensions and worries of pupil by entertaining the mind with blowing performance.

We selected International songs and dances like Japanese, Chinese, Australian, African, and South Indian with different languages. "Whatever you do, do it for the glory of God" (1Cor:10:3). Yes by the grace of God & the support of the community everything went on well.

AYURVEDA MEDICINE

Such as toothpaste, shampoo, face wash, hair oil, face and body cream etc. They explained about each product and its uses and benefit. They were very keen to listen and get knowledge. Women were happy and that they bought many things. They got an idea about Ayurveda and the medicine. It was good knowledge for each of them.

Sr.Rotion Mangarayil - Tarikere

Ayurvedic medicine is one of the world's oldest holistic healing systems. It was developed more than 3000 years ago in India. It's based on the belief that health and wellness. Depends on a delicate balance between the mind, body and spirit.

There is also medical and layperson acknowledgment practice such as Yoga, massage and meditation. Herbs used in Ayurveda medicine such as turmeric, ginger, and neem are now recognized as beneficial for heart health and as antioxidant boosters.

On 21st May we had an herbal training for the women. There were more than 80 women present for the training from different SHG.Mr. and Mrs.Bhagya came to our centre along with different Ayurveda products.

Maria De Mattias had a dream: that of collaborating with Jesus in re-establishing that "beautiful order of things which He came to establish in His Blood". That dream deeply motivated her and she knew how to communicate her dream to other women, thus forming the Congregation of the Adorers of the Blood of Christ.

MOST SACRED HEART OF JESUS PRAY FOR US-June 28

The sacrificial witness of Jesus, who is ever full of compassion and love, is very much underlined in our devotion to the Sacred heart of Jesus. This devotion which is very popular all over the world, should not remain only with our prayers & petitions but should reflect in our life of mercy, compassion and forgiveness as in the model of the Sacred heart of Jesus. The Solemnity of the Sacred Heart of Jesus is the celebration of the love of the Lord. Blood and water gushed forth from his side which was pierced on the cross symbolizing the pouring forth of his love for human race.
